Virtual Meeting Protocols and Process

The September 26, 2023, Ozarks Headwaters Recycling & Materials Management District board meeting will be conducted virtually with limited staff in attendance in the Historic Courthouse.

OHRD encourages public participation in its virtual meetings. To participate in the meeting on September 26, 2023, which begins at 10:30 a.m., you have the following options:

1. Watch the meeting and participate during the public portion of the hearing using Cisco WebEx:

WebEx instructions:

For the September 26, 2023 meeting, please use the meeting link

<https://gcmo.webex.com/gcmo/j.php?MTID=m6ed7c5b62f72ad6658401912ebc2d7e3>

to virtually attend and watch the meeting by computer, tablet, or smartphone. If joining from a tablet or smartphone, you will need to download the free WebEx app from your device's app store. If joining from a computer, your computer will automatically download and install (if needed) the WebEx program. If you currently have WebEx installed on your computer, tablet, or smartphone, you may join the meeting by entering the meeting number 2495 516 6442. In the event you encounter difficulties in participating, please check the OHRD website for any updated information. The board Chair and Planner will have the ability to mute any participants deemed to be out of order.

When you join the meeting your microphone, or your ability to be heard by all the other participants, will be muted. There is a feature within the software that allows you to "raise your hand" so the host of the meeting can call upon you to speak. This must be done so that there are no distractions or disruptions to the meeting from accidental or intentional background noise.

2. Join the meeting via phone:

You may join the meeting from your phone by dialing 1-415-655-0001 and when the access code is requested, enter 2495 516 6442. Staff will mute your audio so that your voice will not be heard until there is an open time to speak. At that time staff will unmute telephone participants and those wishing to speak to an issue should speak up so staff can identify them. *To be able to more clearly let staff know when you wish to speak on a topic we recommend using the web version of the WebEx software which will allow you to "raise your hand" virtually and indicate to staff your intention to speak.*
